About Impact Investing Ghana

Impact Investing Ghana (IIGh) is the Ghana National Advisory Board for Impact Investing. We are an independent private-sector-led initiative promoting sustainable development and advancing the development of the impact investment ecosystem in Ghana. Established as a nonprofit, IIGh is Ghana's representative to the Global Steering Group (GSG) for Impact Investing, the successor to the Social Impact Investment Taskforce established by the G8. The GSG's National Advisory Boards (NABs) currently cover 33 countries and provide a global platform to drive investment and increase visibility for its members globally. IIGh aims to tackle Ghana's pressing social and environmental challenges by driving more capital to deliver real impact. We are a local platform representing all the stakeholder groups needed to redirect significant capital flows towards social and environmental impact. Private-sector-led, yet in close partnership with the national government, we raise awareness, create market intelligence, change policies, and mobilize additional financial resources for the public good. IIGh brings together leaders from the worlds of finance, business, government, social organizations, and philanthropy. IIGh has an ambitious plan to support the growth of impact ventures and to catalyze \$ 1 billion in impact funds for investment in impact ventures in Ghana and the West African sub-region.
